

GERMANY UNITED AGAINST RUSSIA. IS REPORT MADE

(Republican A. P. Leased Wire)
LONDON, Jan. 19.—The latest German reports which have come through Amsterdam to which city they were forwarded by the semi-official Wolff Bureau, flatly assert that the military party has gained the victory in the territorial policy of Germany and show what face that country proposes to put on annexations in the east. The plans in which these are presented are that the peoples of these countries already have determined their future status through

existing representative bodies and that this determination is irrevocable. Whether the German newspapers, from which these reports have been taken represent the general feeling or are extracts culled by the censors for circulation abroad, remains to be seen. The Tagesschau of Berlin says: "We learn that a complete agreement has been reported reached in a conference between the high army command and the chancellor regarding the settlement of all eastern questions. These are to be regarded as a united whole and therefore the Lithuanian, Courland and Polish questions are to be considered as one connected with one another. This position gives a united Austro-German front against Russia. The situation is based on the present representative bodies in Lithuania, Courland and Poland, whose declarations are in our hands. These declarations can be expanded but not cancelled. There is likewise a full understanding that effective safeguards must be created in the west."

"The issue of the government crisis appears to be a victory for the followers of von Kuehlmann in form but the Pan-Germans in fact," is the way the Leipzig Volks Zeitung views the result. It constitutes: "Frontier rectifications are to be striven for and while preserving in appearance the principle of self-determination of peoples, the government has not entirely, but in its essential point, submitted to the pan-German demands."

The Leipzig Neueste Nachrichten says the political leaders have given assurances that they feel no obligation to apply the formula of annexations and no indemnities to the west, but will rather go in the direction of giving the military an entirely free hand.

"It is not forgotten in England," the paper continues, "that the emperor is in the present circumstances the dictator of Germany's destinies and, as far as Germany's policy effects them, of the destinies of the rest of the world. The military leaders and diplomatists have been conferring with him jointly and individually during the past fortnight, urging their views. The crown prince is the only other person admitted to these supreme councils. The great commercial and other interests are not represented, save as the chancellor or foreign minister may speak for them. The emperor is the supreme court and with him is the final decision of policy."

MINERS VOTE FOR 'NO WORK' PENALTY

(Republican A. P. Leased Wire)
INDIANAPOLIS, Ind., Jan. 19.—After two days of stirring debate, the United States Mine Workers of America in biennial convention late today by overwhelming vote, ratified the Washington agreement of October 6, which granted substantial wage advances to bituminous coal miners and provides penalties for violation of contracts. The agreement became effective November 1, 1920, unless the war ends before that date, in which event it automatically terminates.

The fight against approval of the agreement was based on the automatic penalty clause inserted by the joint conference of operators and miners at Washington and approved by Fuel Administrator Garfield. It fines men who violate contracts by going out on unauthorized strikes.

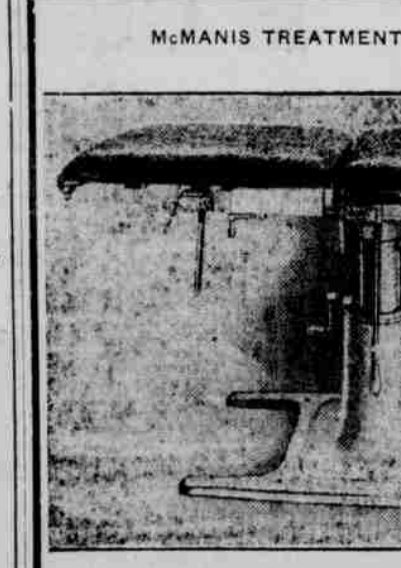

Mine owners failing to enforce the clause also are penalized under its terms.

TO HOLD CARNIVAL
KANSAS CITY, Mo., Jan. 19.—An athletic carnival, with boxing and wrestling events interspersed with material contests of hand grenade throwing, trench races and tug of war will be held here January 25 and 26, with soldiers from Camp Funston and Camp Dodge as participants.

OTIS BEATS CAMPANIONI
HAVANA, Jan. 19.—Charles Otis of Brooklyn, defeated Raymond Campanioni, the Cuban champion, in the third and final block of their three cushion billiard match here tonight. The final was: Otis, 150; Campanioni, 117.

The McManis Table is a material aid to the osteopathic physician in the treatment of human ills. McManis Table treatments are effective and pleasing to the patient.

LYMAN CASE IS CAUSE OF MORE NOTE WRITING

After having, as they supposed, made an agreement with the board of regents of the University of Arizona concerning the future relations of the board with John B. Lyman, Jr., as supervising architect of the new mining building, the commission of the state institutions now has received information that the board of regents intends to stick by the contract made with Mr. Lyman by the former commission of state institutions.

This information did not come to the new commission direct from the board of regents, but through other sources and corroborated by the report of the mining building committee in a Tucson newspaper.

"That the commission did not enjoy learning of the action of the regents in that manner and in being ignored by the board is stating it mildly as shown by the following reprinting sent by telegram to the board of regents yesterday:

"Dr. W. V. Whitmore, Secretary, "Chancellor University of Arizona. "We are informed through newspaper comments that you have taken action by resolution violative of the understanding we reached the other day. We prefer to be advised by you direct instead of through newspapers, but apparently you do not recognize the necessity thereof. In conformity with the duties of supervising the receipt and expenditure of the funds we desire to be at once advised of your action. Answer by wire. By order of the commission of state institutions."

"F. J. K. McBRIDE, Secretary."

Late yesterday a telegram was received by the commission from the board of regents in answer as directed. The wire stated that the board had sent a letter to the commission in which they would find a full explanation of the actions. The letter had not been received at the offices of the commission when they closed last night.

According to word from Tucson following a meeting of the board of regents held on Wednesday, that body had refused to break the contract made between John B. Lyman, Jr., and the former commission of state institutions. This contract was for supervision of the construction of the new mining building at the university.

The board of regents also is said to have done other things in opposition to the wishes of the new commission of state institutions, all of which they will be asked to explain in full. Frank H. Hereford, a former chancellor of the university, was called before the regents at their meeting on Wednesday and gave as his opinion that the contract made with Mr. Lyman was a binding one and that there was no good reason for breaking it.

The commission is of a different opinion, however, and the whole affair apparently is headed for the courts for adjustment.

SAYS BOLSHIEVSKI HAVE 'REAL POWER'
LONDON, Jan. 19.—Sir George Buchanan, British ambassador to Russia, today stated that while the Bolsheviks have the real power, the Soviet revolutionaries had an actual majority in the constituent assembly, that did not alter the fact that the Bolsheviks have the real power. The Bolshevik doctrines are spreading throughout the whole of Russia, Sir George declared. He added that while he was unable to forecast the future, he was convinced that Russia was not finished, because such a vast country could not be destroyed.

The food situation in Petrograd was very serious, he said, and the whole affair "The general opinion there is that the food may fall absolutely this month," Sir George concluded, "and if famine comes one may expect anarchy and with that everybody will be in peril."

JUST PHONE US
If you wish a trunk or package taken to the train or brought from it. Or if you expect to move make an appointment and we'll come and determine the size of the van your household effects will require. Our transfer service is noted for its promptness and carefulness. It is also very reasonable.

SEND ONE TO YOUR FRIENDS
Those wishing to send a remembrance to friends out of town could not find a better means than to order one of the Electric Studio post-card photos. These photos are of sufficient size and the quality of such a character that they will be prized by them.

No one questions the quality of the work turned out by Mr. Newcomb, the proprietor of the studio. The prices of all classes of work are so reasonable that he has been kept very busy filling orders.

The studio turns out high-grade Ping Pong photos for 10c per dozen and up, post cards 3 for 25c. The panel photo, which is very attractive and makes a desirable present for your friends, costs 50c per dozen; a beautiful folder goes with these and may be purchased for a moderate additional amount. Our cabinet photographs are from \$1.50 and up.

All work is at much more reasonable prices than you can find elsewhere, considering the high quality of our work.

BIG CHIEF TO TALK TO MOOSE AT CONFERENCE

An occasion that will long be remembered and for which great preparations are being made is the visit to the local order of Moose of the past supreme dictator of that order, which will take place on Tuesday evening, January 22.

In honor of the visit of the distinguished head of the order, the local lodge of Moose will give a banquet on Tuesday evening at the Hotel Adams at which Governor George W. P. Hunt will preside as toastmaster. There will be responses by the past supreme dictator and by officials of the local lodge. Leading Moose from other lodges in the state are expected to be present.

The visitor will arrive in Phoenix from Globe over the Apache Trail and will be met by Tom Freeman, secretary of the Phoenix Lodge, and by W. Ward Davies, district supervisor for Arizona. Following the banquet there will be an open meeting at the Moose lodge rooms, 38 South Central avenue, to which all are invited, members of the Moose order and others.

The past supreme dictator, who will be the guest of honor on Tuesday, is also a governor of Missouri, the vocational school of the order located near Chicago, Ill., where orphans, widows and disabled members of the order are given a home and school if needed. More than a million and a half dollars has already been spent on this home, all from small dues from the members. It is planned to erect headquarters of the order at this home.

The local order of Moose is growing rapidly in Arizona, as is shown by the reports from W. Ward Davies, district supervisor for this state. In the past three months he has organized five new Moose lodges with membership of 100. There now are nineteen Moose lodges in Arizona.

The Phoenix lodge of Moose will on Tuesday night bestow the honor of past dictator on Lieutenant Crozier of the British recruiting station here. Mr. Davies will be chairman of the evening and arrangements are in the capable hands of Tom Freeman, secretary. The banquet at the Hotel Adams will begin promptly at 6:30 so that there may be no delay in the lodge meeting to follow.

MILLION DOLLAR DEAL FOR THE KAY MINE IS NOW IMPENDING

(Special to The Republican)
GLOBE, Ariz., Jan. 19.—A mining deal involving nearly a million dollars is being negotiated in the Tip Top district. It was learned here today. Principals in the deal, which is for the control of the Kay mining company's property, are S. J. Tribolet of Phoenix, principal owner of the mine, and George W. Long, of Oatman and Phoenix, vice-president and one of the principal owners of the famous United Eastern gold mine in Mohave county. Although no official announcement will be made regarding the transaction until some time in the future, it appears practically certain that the deal will be consummated and that the wealthy Oatman gold miner will take over control of Mr. Tribolet's copper property.

"I consider the Kay mine the best copper prospect I have ever seen," said Mr. Long, emphatically when he was asked point blank what he thought of the property.

"I cannot say as yet that I will take it over, because the financiers whom I have interested in the project have not had an opportunity to make a personal investigation underground. The mine is being watered now and the final inspection will probably be made within a week. I have seen the property for myself. I am satisfied and I feel confident that my associates will be equally well satisfied when they look over the ground."

Mr. Long said that he was not ready at this time to disclose the identity of the capitalists who propose to underwrite the shares of the company. He said, however, that their standing is beyond question and that if the deal goes through as it is anticipated, his opinion is that the Kay mine will soon be in the class of big producers.

The Kay mine is situated at Canyon station in the Black Canyon on the Phoenix-Prescott road, about 45 miles north of Phoenix. It has been controlled by Mr. Tribolet for the last seven years, in which time some \$2,500 has been expended in development and exploration. There is

publican Print Shop which issued it. In the arrangement of its contents and in its printmanship this annual will bear close scrutiny and comparison with that of any house and from any shop. Although a large number were ordered from the press, it is evident that they will be exhausted at an early date as evidenced from the opinion of those who examined the first copies.

Aside from the articles listed in this annual there is much of general interest and all arranged so as to be of ready reference. It is profusely illustrated. Taken all in all, this annual is one to be proud of. Copies are being given free of charge to those who call or send for them and that they are of interest to all interested in growing things, is well evidenced by the great demand for copies.

EASTERN STAR PLANS PROGRAM

Queen Esther Chapter, Order of the Eastern Star will give its initial annual musical program and social evening at Masonic hall on Friday, January 25. An interesting and diversified program has been arranged for the event which will be attended by Maesons, Stars and their families and friends.

The evening has been divided; the first hour's entertainment from 8:30 o'clock until the progressive whist game at 9:30 o'clock will be devoted to music. The numbers have been selected by Mrs. F. Louis Zimmerman under whose direction they will be given.

The program follows:
Vocal solo—Miss Frieda Laveen.
Violin solo—Mrs. Chester Dana Reed.
Vocal solo—Mrs. Anna Monahan.
Whistling solo—Miss Gladys Lind.
Piano solo—Mrs. W. E. Severan.
Vocal solo—Mrs. Dixie Wadlington.
Matthie.
Five-minute talk—A. S. Hawkins.
Vocal solo—Mrs. F. W. Russell.
Ten tables of whist will be played and the games will be directed by Mrs. George U. Young. There will be dancing for those who do not care for cards. W. D. O'Neill will be master of ceremonies of this feature of the event and has planned an attractive dance program.

The refreshment committee chairman is Mrs. E. A. Fink. A small admission will be asked.
